

Cyiac Kunnath

Thanks for keeping me and family in your prayers. I can see the Lords mighty hands working on me. After about 30 years, I was able to have a true confession of my sins and was able to be at peace with myself. I had never fasted in my life and I was afraid of fasting. This week I was able to fast and pray to the Lord. I see that you all are keeping me in your prayers.

I want to spend more time to learn the scriptures. I should prioritize my acts and reserve more time for the Lord. Please continue to hold me up in your prayers.
